" On Tour "

The 2008-9 Lectures
Presented by

Wayne Paulo

Learning shows with a difference! They are ***visually stimulating and musically presented lectures*** for all including an option for an amazing life history by the uniquely qualified Master of photography Wayne Paulo, an NUJ professional with a Prime Minister, two Presidents and the Queen in his portfolio taken over 28 years. Keynote computer programmes artistically show video, film and digital photography using modern technology.

We can offer a complete projected audio visual theatre style presentation for larger events. Or a small class room talk with some prints and a computer sequence presentation. The presentations outlined here are based on a mixed selection and cover a variety of subjects, but we can also bias towards one subject if you require, for example, Press and PR, Social Photography, Creative Digital Art, Fashion, Travel, Sports and of course Wayne's life stories. The choice is yours and can be tailored or fined tuned to suit your own curriculum if desired.

Please read about the contents of the available lectures on tour here.

Wayne's CV outline

Over half a century of creativity within the talents of one man, his roots starting in the famous Paulo's family Circus, Wayne as a Circus performer was a Bareback Rider, a juggler, a clowns stooge, and trumpet player, then as his career changed playing the guitar was added, just a few of the skills that he used as a Compere, Cabaret Singer, Songwriter, the later leading into the Recording industry as an Engineer, Record Producer, Music Publisher and finally an Actor! Over 25 years of his younger life was actually spent in front of the camera! And appearing regularly in Television programmes as a Walk On gave him valuable experience and knowledge on both sides of the lens!

Wayne Paulo has been a Professional Photographer for over 28 years specialising in Press, Public Relations, Sports and Travel, his pictures have been seen all over the world in Newspapers, Magazines and Web Sites!
Publications are too many to list here but are varied enough to have featured in Amateur Photographer and the National Enquirer! And on the World Wide Web from Sports Illustrated to Blackpool Today!
Now he has turned his hand to guest speaking about his unique life story and recent book release "Nearly Famous"! Enrichment presentations for Royal Caribbean International cruises, lectures on photography for media and art colleges, plus he is now available to smaller schools even home schooling, check out **www.getbetterpictures.com**
Exclusively he is the only photographer to cover the NFL in Europe (World League of American football) from 1991 through to 2006 and has covered 13 World Bowls, photographing the likes of Kurt Warner, Brad Johnson, Jake Delhomme, right through to the USA Super Bowls they featured in, he has photographed 6 Super Bowls to date.
Wayne during his career has photographed numerous NFL "Hall of Famers" including Joe Montana, Dan Marino and Walter Payton to name but a few! Plus various celebrities like U2, Aerosmith, Paul McCartney, Justin Timberlake, Beyonce, the Rolling Stones and Prince, even Jeremy Irons, Rod Steiger and Michael York from his acting years!

Finally all shows have a powerful musical content, arrangements are composed, created and sometimes even sung by Wayne himself further exploiting the unique fun side to these Look-Listen And Learn presentations.

"These seminars will teach, excite and encourage people to have fun with their picture taking for work or pleasure and towards a better understanding of digital photography! Would you like Wayne to visit your location? Want some more information? Have any questions?"
