Now here I lie and dream  
That they will rule supreme  
I raise my head  
Up off my bed  
This is, yes is my soccer dream

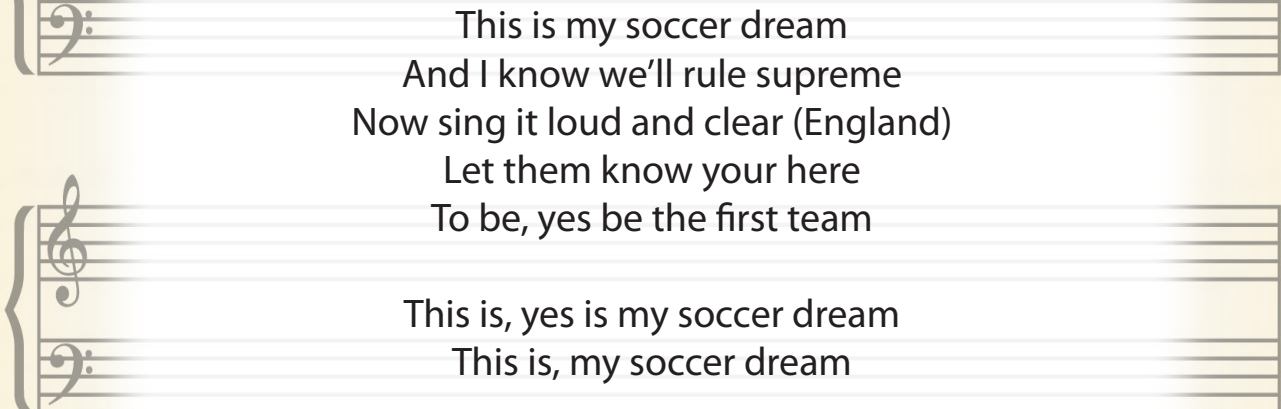

Now we all watch our team  
They fight to be supreme  
Now raise your hand  
We'll rule this land  
We'll be, yes be the first team

No matter what things may seem  
If we hope to be supreme  
Then we will win the fight  
And learn what's right  
To be, yes be the first team

This is my soccer dream  
And I know we'll rule supreme  
Now sing it loud and clear (England)  
Let them know your here  
To be, yes be the first team

This is my soccer dream  
And I know we'll rule supreme  
Now sing it loud and clear (England)  
Let them know your here  
To be, yes be the first team

This is, yes is my soccer dream  
This is, my soccer dream
